

## Winter 2017-18 Alumni Newsletter

### A STAR is Born!

In 2014, Yokohama Christian School embarked on an important journey to start the process of becoming an accredited elementary school. Through ACSI, we have been working on the STAR program, which is a pre-accreditation program that helps schools to focus on improving areas such as: curriculum, finances, administration, and much more. On November 29, 2017, YCS was able to turn in the last steps of this process. It is our hope to apply for full accreditation in the near future.

### Play Yard Construction

This fall we were fortunate to have friend of YUC, Gerry Spencer, help in remodeling the play yard at YCS. He used his expert organizational skills and know-how and he and Mr. Isaku (Saito) completed the resurfacing of the area under the play structure. The red paving stones are much more durable than the previous wood decking and should last for many years to come.

**Thank You, Gerry and Isaku!**

# Movie Night Success!

On November 10th, the YCS PTA sponsored its annual Movie Night. This year the movie was Despicable Me 3. We would like to take this opportunity to thank all of the parents involved with this fund event. Proceeds from this event go toward the spring field trip for the students.

A HUGE thank you to all of the wonderful parents who helped make Movie Night such a success!

## 2017-2018 PTA Parents

This year we have a wonderful group of supportive parents willing to sit on the PTA.

## Alumni Family Visits

Over the last year, we have been fortunate to have alumni families visit us to give us updates about how they are doing. Some families are located in Japan and others are not. We are so blessed to still be in contact with so many of our former students.

(right) Diego Yeh's parents stopped in at YCS in June 2017 as they traveled around Japan by bicycle.

# Fall Family Festival

Every year at YCS we celebrate Fall Family Festival on November 23rd and this year was no exception. Fall Family Festival is taken from the biblical Festival of the Booths, which is a celebration of thankfulness for the harvest and God's provisions. In the morning, students, with their families, participated in the various special classes on offer at school. Mr. Raffin taught music, Ms. Chloe has a PE lesson, and Ms. Hanae had a fun art lesson. We are so blessed at YCS to have so many talented staff members to teach our students. Following the lessons, we gathered in the sanctuary for a delicious turkey lunch.

As always, we had an abundance of food and good fellowship on Nov. 23rd for Fall Family Festival.

How did attending YCS make a difference in your life?

*Due to YCS being an English speaking school, I am able to speak English fluently. This has allowed me to experience new things, such as getting to know people worldwide as well as having further understanding of the world around me through my school.*

What is your favorite subject in school?

*My favorite subjects currently are English, P.E., and biology. I enjoy my English class because I like writing essays, P.E. is a great way to get exercise in my busy schedule, and I find the topics in biology interesting, especially about the human body.*

What would you like to study when you are in college?

*I would like to major in psychology when I'm in college and one day become a psychologist myself. I especially would like to focus on teen psychology, after seeing different behaviors of teens in my school.*
