

Class Discipline Policy

Our teaching is Western in style, which means the teacher leads the class and the students are expected to do what is asked - i.e. sit down for circle time - if they refuse to do an activity they may not be allowed to do other things, etc. Please inform your child of these expectations.

PROCESS: Students must listen to the teacher throughout the entire class. If a student does not listen to directions:

1. There will be one verbal warning. If a child continues the behavior after the warning, they will be removed from the class. They will have a time out in the school office for 5 minutes.
2. They will be asked if they are ready to return to class. If yes, they are reminded that they must listen to the teacher.
3. If there is a second warning, the child will be removed and the parent will be contacted to come and pick up their child. Parents will be informed if the behavior continues.
